Subject: Boston Edison Petition – UP #23/30 – Hayward Road

We have reviewed the petition from the Boston Edison Company and Verizon New England, Inc. for the relocation of one existing utility pole (UP #23/30) on Hayward Road. The new pole should be relocated behind the existing sidewalk so that it does not obstruct pedestrians and bicyclists. They might also have to clear some of the small brush on the opposite side of Hayward Road for the overhead wires to the schools once these wires have been rerouted to the new pole location.

We do not foresee any problems with granting this petition.
